

Rsam Receives “Strong Positive” Rating in Leading Analyst Firm’s IT GRC Management MarketScope Report

Secaucus, NJ – May 10, 2010: [Rsam](#), a leading provider of governance, risk, and compliance solutions, today announced that Rsam received a Strong Positive rating in Gartner’s April 2010 report entitled “MarketScope for IT Governance, Risk and Compliance Management.”

Rsam received a “Strong Positive”, the highest possible rating in the MarketScope report. The ratings in this report are given to vendors providing strategic IT GRCM products, services or solutions. The report states “IT GRC products support operation risk management through functions that measure, manage, and report on IT-centric technology and process controls. Organizations can use IT GRCM products to document and assess their IT-centric technology and process controls.” Download a complimentary copy of [Gartner’s MarketScope report](#).

“We are very pleased with Gartner’s assessment of Rsam. Over the last 7 years, we have continued to evolve our solutions, creating a comprehensive yet easy-to-use platform that solves customer pain points around GRC. This past year, we made significant strides in product innovation and marketing. Rsam has always had great customer following; with the increased awareness and recognition, we are even more excited about our future,” explains Vivek Shivananda, Rsam CEO.

Rsam’s [7th generation platform](#) automates processes, creates efficiencies, and reduces both time and costs associated with IT GRC initiatives. Rsam offers modular, out-of-the-box solutions and rapid deployment across all vertical industries. Download a complimentary copy of [Gartner’s MarketScope report](#).
