Rsam allows organizations to integrate business criticality, regulatory assessment data, vulnerabilities and findings to provide enterprise wide risk visibility, oversight and assurance. Since 2003, Rsam GRC solutions have been successfully implemented at hundreds of large, marquee organizations as well as small-medium enterprises across all vertical industries.

In addition to the Five-Star rating Rsam outperformed other solutions in its category achieving top marks by SC Magazine for Features, Ease of Use, Performance, Documentation and Support, calling Rsam a “very complete GRC solution that is easy to use.” SC Magazine goes on to say, “[Rsam] has all the tools needed to develop and manage a risk and compliance program.” Other key features highlighted by SC Magazine were the clean, intuitive interface, out-of-the-box, pre-populated content and full risk-based workflow tools.

“We are delighted with SC Magazine’s assessment of Rsam for their IT GRC product test group. This review further validates our release of Version 7 which sets the bar for ease of use, drag and drop reporting, robust content and powerful analytics,” said Vivek Shivananda, Rsam CEO. “This strong rating follows on the heels of recognition by the market and positive feedback from our customers.”
